PRIOR LICENSE DISCLOSURE FORM

Instructions

Review the following information and complete and sign the Prior License Disclosure Form. If any person named on a license application is currently or was previously named on a different license, that person **must** complete and sign this form.

Each person currently or previously named on another license must complete a separate form.

Each person must complete and sign this form for every license they were named on in the past.

Good Character Standard

Arizona law requires that every person named on a license have good character and reputation. Certain issues regarding good character and reputation can cause a license to be delayed or denied. Being named on a contractor's license that was suspended or revoked can indicate a lack of good character. A.R.S. § 32-1122(C).

Disciplinary Resolution

To avoid delay or denial, any person with a past suspension or revocation must submit documents showing that the underlying cause of the suspension or revocation has been resolved. A.R.S. § 32-1161.

Examples of those documents include:

- Evidence of payment to the person who filed the complaint; or
- Evidence that corrective work was completed satisfactorily; or
- Evidence that all reasonable efforts to resolve the underlying cause of the suspension or revocation were undertaken.
