## **Maricopa County Industrial Development Authority Invests \$500,000 to Support Sustainable Home Improvement Lending in Maricopa County**

Phoenix, Ariz. (December 2, 2024) – The Maricopa County Industrial Development Authority (MCIDA) has announced a significant \$500,000 investment in Sustainable Home Improvement Loans of Arizona (SHILA), the state's first nonprofit Green Bank focused on providing affordable financing solutions for low- and moderate-income homeowners.

"Maricopa County is committed to fostering economic growth and supporting sustainable communities for all residents," said Maricopa County Supervisor Clint Hickman, District 4. "By investing in SHILA, we are helping low- and moderate-income homeowners access affordable financing options for energy-efficient improvements that will lower their utility bills, renovate their homes, and improve their overall quality of life. This partnership not only strengthens our local economy but also contributes to a more resilient and sustainable future for Maricopa County. We are excited to support SHILA's work and the positive impact it will have in our community."

With help from MCIDA, SHILA is poised to help over 425 Maricopa County residents with \$5 million worth of energy efficiency projects over a three-year period. With an average project size of \$12,000, SHILA's work will help families reduce their energy expenses through insulation, roofing, door, window, electrical, and HVAC upgrades.

"We are honored to receive this foundational investment from the Maricopa County Industrial Development Authority," said Ty Lorts, CEO of SHILA. "With their support, we can start making home improvement financing accessible for families who need

it most. This funding will allow SHILA to begin transforming homes across Maricopa County, helping residents access a healthier living environment, lower utility bills, and have a greater quality of life."

The MCIDA's investment in SHILA aligns with Maricopa County's goals to support sustainable community development, job creation, and increased home affordability.

### **About Maricopa County Industrial Development Authority**

The Maricopa County Industrial Development Authority (MCIDA) is dedicated to supporting economic development and improving the state's economy through access to low-cost financing and community investment increasing the availability of affordable housing.

**For media inquiries, please contact: Ty Lorts, CEO of SHILA, at [tlorts@shilaaz.org](mailto:tlorts@shilaaz.org).**

### **About SHILA**

Sustainable Home Improvement Loans of Arizona (SHILA) is Arizona's first statewide nonprofit Green Bank, established to help low- and moderate-income homeowners and small businesses secure low-cost financing for sustainable home upgrades, including energy efficiency and renewable energy projects. Through partnerships with local organizations, financial institutions, and community stakeholders, SHILA aims to empower individuals and families to reduce energy costs, support green job growth, and contribute to a sustainable Arizona for future generations.

## Sustainable Home Improvement Loan of Arizona (SHILA)

Sustainable Home Improvement Loan of Arizona (SHILA) is Maricopa County's only green bank, designed to help Arizona homeowners improve their homes through accessible, low-cost financing. While SHILA encourages environmentally friendly and/or health and safety home upgrades, its primary focus is on making home improvement affordable for all, boosting the local economy, and contributing to housing affordability in Arizona.

### **Mission**

SHILA's mission is to provide Arizona homeowners with financial tools to enhance their homes and quality of life, whether through necessary repairs, energy-efficient upgrades, or essential improvements that increase their quality of life.

### **Benefits**

- **Affordable financing:** SHILA offers low-interest loans to help those unable to access the traditional banking system. This helps homeowners of all income levels afford necessary home repairs and upgrades. This preserves the quality of housing in Arizona and prevents small problems from becoming more costly in the future.
- **Boosting the Local Economy:** By making it easier for homeowners to invest in improvements, SHILA supports local contractors, suppliers, and the construction industry. These investments stimulate job creation and strengthen Arizona's economy, particularly in sectors tied to home repair, maintenance, and construction.
- **Addressing Housing Affordability:** The rising costs of housing in Arizona have left many homeowners unable to afford critical repairs or upgrades. SHILA provides a solution by enabling residents to maintain and improve their homes without facing the financial burden of high-interest loans or costly financing options. This not only preserves affordable housing but also helps prevent displacement due to neglected properties.
- **Proven concept:** SHILA has a licensing agreement with Solar and Energy Loan Fund that will provide underwriting and loan capital. They have been operating as one of the country's oldest green banks for 14 years.
- **GGRF deployment:** SHILA will be positioned to help deploy the millions of federal dollars the state of Arizona has been designated for residential energy efficient upgrades.

# TOP 10

## Reasons Residential Contractors Should Partner with

**SHILA**  
SUSTAINABLE HOME IMPROVEMENT LOANS OF ARIZONA  
EMPOWERING HOMES. EMPOWERING LIVES.

1

### No Credit Score Requirement

Attract more homeowners by offering financing that considers ability to repay rather than credit scores, making your services accessible to a wider audience.

2

### Flexible Financing Rates

Offer customers competitive rates between 5% and 9%, giving them affordable payment options that fit their budget.

3

### Guaranteed Payment

Enjoy peace of mind with guaranteed payment from SHILA, ensuring you get paid promptly and securely for your work.

4

### No Dealer Fees

Keep your profit margins intact with zero contractor fees, maximizing your profit on every project

5

### Increase Sales Across All Projects

Whether it's solar, roofing, HVAC or other critical repairs and improvements, provide financing options that make it easier for homeowners to invest in their property.

6

### Boost Customer Satisfaction

Help your clients achieve their home improvement goals with flexible financing, leading to higher customer satisfaction and repeat business

7

### Preferred Contractor Listing

Be featured on SHILA's website as a preferred and vetted contractor, increasing your visibility and credibility with potential customers.

8

### Quick and Simple Approval Process

Close deals faster with a streamlined financing process that allows you to start projects without delay.

9

### Competitive Advantage

Stand out in the marketplace by offering unique financing options that set you apart from competitors.

10

### Support for Business Growth

With SHILA's financing solutions, you can take on more projects, enhance customer trust, and grow your business sustainably.

*Congratulations,*

## CTSAA Educational Dinner Meeting

**Speaker - James Woelfel**

**Principal—J.G. Woelfel & Associates, LLC**  
**Tile & Stone Consultants**

**Wednesday - March 5, 2025**

**5:30 Registration/Social time**  
**6:00 Educational / Dinner Meeting**

**DalTile—Tempe**

**2040 W Rio Salado Pkwy**  
**Tempe, Arizona 85281**

**Cost: \$30/Member—\$35/Non-Member**

**Topic: DCOF—What you need to know about specifying and installing tile and how to protect yourself**

What you'll learn:

- Freeze/Thaw Cycling
- Dynamic Coefficient of Friction (DCOF)
- Manufacturer—Declared Product Use Classification
- Product Use Classification (Interior, Dry, Interior Wet, Interior Wet Plus, Exterior, Wet, Oils/Greases)

**James Woelfel:** with more than 30 years of experience as a professional tile contractor, and the longest serving Chairman of the NTCA Technical Committee, James Woelfel is an industry expert whose opinion is often sought from contractors, owners, and manufacturers. His technical acumen in ceramic, porcelain and stone tile installation takes him across the country to analyze and evaluate the design, specification, installation and performance of tile and stone and allied products on any size project.

He launched J.G. Woelfel & Associates in 2007 with his father, Justin "Butch" Woelfel, who himself has decades of experience in the industry and Chris Woelfel, his wife of 26 years, who has over a dozen years of experience in managing a tile business.

Additionally, as President of Artcraft Granite, Marble & Tile Company in Mesa, Arizona, James runs the day-to-day operations of a technically adept and multiple award-winning NTCA 5 Star Contractor.

From estimating to managing jobs and from financials to strategic goal setting, James oversees every aspect of the third generation family company. He is a tireless advocate for high standards and proper methods as shown in all aspects of his work. His technical knowledge and professional standards are also why he is one of only two tile contractors in the United States to sit on the TCNA Handbook Committee for Tile Installation and the ANSI ASC 108 Committee for ceramic tile installation.

James stays current with industry standards, methods, and installation techniques by serving on several national installation committees.

# 2025 Call for Entries

## "Exposing the BEST in Concrete"

### Project Awards

ENTRY DEADLINE: APRIL 1, 2025

The Arizona Chapter ACI is pleased to announce its 2025 "Exposing the BEST in Concrete" Awards program that honors the visions of some of the most creative projects the concrete industry has to offer in our region. Concrete projects of all types are eligible to receive an award in this competition. Entries will be juried by an independent panel of industry professionals. We will have an "Overall Excellence Award" selected and this project will move forward into the international competition to be held at Fall Convention 2026. The Award dinner will be held at Mountain Shadows Resort on September 26, 2025.

**Eligibility:** Projects must be completed within 36 months of the entry deadline. Project must be in the State of Arizona. Categories include but may change at the jury's discretion based on the projects entered:

- Mid to High-Rise Buildings
- Infrastructure
- Repair and Restoration
- Decorative Concrete
- Structural
- Public Works
- Residential
- Sustainability
- Transportation
- Bridges/Roadways

**Judging Criteria:** Overall judging will include design, workmanship, creativity, functionality, technical innovation and problem solving. ACI encourages and supports the jury's discretion in its choice of projects and the professionalism and expertise of the individual jurors. The jury consists of our Chapters Honorary Lifetime Members and a select group of local design professionals.

Please register to receive the award submittal information. We will electronically send this to you once you sign up. Please note that ALL criteria need to be met for project to be approved to entry into the competition.

If you have any questions, please contact Beth Britt at: [azaci@outlook.com](mailto:azaci@outlook.com)

**IEC is looking for passionate individuals with electrical experience to join our teaching staff**

## **Join IEC of Arizona as an Electrical Instructor!**

### **What We're Looking For:**

- 5+ years of hands-on experience in the commercial and/or industrial electrical field.
- Teaching experience is a plus, but not required.
- Must have basic computer skills, as lessons, quizzes, and tests are conducted online.

### **Class Schedule:**

- In-person class: One night a week, 5:00 PM - 7:30 PM.
- Online class: One night a week.

If you're passionate about shaping the next generation of electricians, we want to hear from you! Send your resume to Nancy Levey at [iecaz@iecaz.org](mailto:iecaz@iecaz.org). Feel free to call with questions at 602-326-1854.

## **Why Sustainable Landscape Management?**

ALCA's certified SLM® practices preserve vegetation, improve soil conditions, conserve water, and reduce fuel consumption. SLM® supports plants in their natural growth habits by teaching proper cultural and pruning practices based on a plants bloom time and seasonality. The SLM® Certification adds value to the landscape contractor by distinguishing them as an educated and skillful steward with elevated standards of sustainability and beauty.

## **Reasons for Pruning**

- Encourage natural growth, flowering, and dormancy of trees, shrubs, and ground covers
- Rejuvenate plants that have outgrown a space
- Safety - plants that encroach sidewalks or obstruct lines of sight
- Improve the health and structural integrity of trees and shrubs

## **SLM® Pruning Best Practices**

- Only prune what is necessary - dead, diseased, or damaged
- Structural pruning young trees can prevent defects
- Know your plant species, their bloom time, and dormancy period
- Prune after bloom or leaf flush

**Get your Sustainable Landscape  
Management® Certification!**

2-PART WORKSHOP

# OUTDOOR LANDSCAPE LIGHTING

PRESENTED BY:

KEVIN SMITH, BRILLIANCE LED

MIKE BORGESON, SONORAN LIGHTING SUPPLY

**PART 1: SALES, DESIGN, INSTALLATION** - Friday, March 17 at 8am - 2pm

**PART 2: TROUBLESHOOTING, MAINTENANCE, JOB DOCUMENTATION**

Friday, May 16 at 8am-2pm

*Registration is non-refundable; substitutions are allowed. Register for Part 1 and Part 2 separately. Lunch included.*

## WHAT YOU'LL LEARN:

HOW TO WIRE A JOB

SALES TECHNIQUES

DESIGN FUNDAMENTALS

ELECTRICAL COMPONENTS

OVERLOADING & TROUBLESHOOTING

HANDS-ON PRACTICE

JOB DOCUMENTATION

Participants receive a  
**CERTIFICATE OF  
OUTDOOR  
LANDSCAPE  
LIGHTING  
COMPETANCIES**

upon completion of  
exam given at the end  
of each workshop!

REGISTER AT [www.ALCA.org](http://www.ALCA.org)

MEMBERS: \$125 / NON-MEMBERS: \$350

## Why become certified?

ACLP increases knowledge and skills, earns greater respect and enhances the public image of the landscaping industry. ACLP adds value to your experience and career as a landscape professional.

### Annuals and Perennials

- Selection and transportation of annuals
- Bed prep - soil, calculating amendments or mulch
- Identifying and planning for bloom season
- Proper planting techniques
- Flower bed maintenance - irrigation, fertilization, pruning, deadheading, mulching
- Troubleshooting common bed diseases, insects, weeds, and abiotic problems

### Irrigation

- Common irrigation components
- Basic hydraulics and precipitation rates
- Controller programming and smart controllers
- Multi-meter demonstration
- Drip irrigation components and design
- Pipe repairs and adjusting sprinklers
- Troubleshoot valves, controllers, and sprinklers

### Pesticides and Calibration

- Gather health, safety, and pesticide use information from product labels
- How to mix, load, and apply pesticides for even and correct application
- Reduce risk of contamination to us, others, animals, and the environment
- Prevent, recognize, and respond to pesticide-related emergencies
- Proper calibration of pesticide equipment

### Plant Identification

- Plant morphology how it pertains to identification
- Importance of common and scientific names
- Recognize plants common to AZ landscapes
- Demonstrate proficiency in identifying plants by their leaves, flowers, and fruit
- Distinguish the different types palms and pines
- Compare and contrast species within a genus

### Plant Problems

- Plant stress disorders and biological diseases
- Proper plant care in an urban environment
- Identify common weeds and recommend appropriate control methods
- Common insects and control methods
- Determine if a pathogen is present and treatable
- Plant nutrient deficiency and treatment methods

### Tree Planting and Staking

- Tree and shrub selection: right plant, right place
- Inspecting nursery stock for root and structure health or defects
- Steps to planting a tree - AZ 811, soil percolation testing, tree well, irrigation, surface mulch
- Tree planting and staking demonstration
- Staking methods and their effects on plants

### Safety and Tools

- ANSI and OSHA safety standards
- Common landscaping hazards and avoiding them
- Personal Protective Equipment (PPE)
- Worksite safety
- Power equipment safety
- Selection, use, and maintenance of non-power tools
- DPS Officer presents truck and trailer safety, rules, and regulations

### Soils and Fertilizer

- Proper techniques for collecting soil sample
- Soil texture and how it relates to irrigation and water management
- Preventing soil compaction & salt accumulation
- Selecting and applying soil amendments and fertilizers at the appropriate rate
- Describe the role of roots in plant health
- Soil management to optimize root health

### Tree and Shrub Pruning

- Basic plant biology - pruning, decay, disease, and wound closure
- Safe use of basic pruning equipment
- Types of pruning: crown cleaning, thinning, elevating, reduction, restoration/rejuvenation
- Describe & demonstrate shrub renewal pruning
- Common pruning mistakes; how to avoid them

### Turf Care and Installation

- Turfgrass varieties used in the desert southwest
- Soil preparation and planting
- Mechanical steps to properly install sod
- Proper cultural practices: mowing techniques, thatch removal, aerification, fertilization, and irrigation for turfgrass varieties
- Overseeding and spring transition
- Problem solving strategies for common turfgrass diseases and pests

ALONE WE CAN DO SO LITTLE,  
TOGETHER WE CAN DO SO MUCH.

~ Helen Keller

YCCA is proud to announce along with our partners, we are now **PLANNING A GROUP HEALTH INSURANCE PROGRAM**

 House Chilson & Associates  
A Shepherd Insurance Partner

 Shepherd  
INSURANCE

Yavapai County Contractors Association and their members have been doing amazing work together for 62 years. YCCA realizes that many of our construction companies find it difficult to recruit skilled workers to meet the steady demand. This challenge is even greater for small- to medium-sized business owners as they find themselves competing with large construction companies with deep pockets and traditional group healthcare packages. Now, being a member of YCCA is even more valuable.

## YCCA's Mission

The mission of the Yavapai County Contractors Association is to properly manage a construction industry association that transfers and promotes education, safety, political action and networking for the benefit of its members and promotes community protection education on construction issues for the citizens of Yavapai County.

Phone: (928) 778-0040

Email: [ycca@ycca.org](mailto:ycca@ycca.org)

Address:

810 E. Sheldon Street,  
Prescott, AZ 86301

*why join*  
**Affordable Membership**  
Just a \$100 initial fee to join a network of professionals

**WE NEED A BUILDER'S ASSOCIATION IN COCONINO COUNTY!**

Through a cooperative relationship with the Yavapai County Contractors Association (YCCA) that dream is revealing itself. Currently, the Coconino County Building Division is working with YCCA to develop the Grand Canyon Chapter of YCCA. We need your involvement.

In collaboration with the Yavapai County Contractors Association (YCCA), we're excited to introduce the opportunity to establish the Grand Canyon Chapter of YCCA right here in Flagstaff.

**Your participation is essential.**

- **Health Benefits**  
Access to potential reduced-cost medical insurance
- **Networking Opportunities**  
Connect with fellow builders from both Yavapai and Coconino Counties
- **Influence Change**  
Gain lobbying power and provide input on future Codes and Ordinances
- **Stay Informed**  
Be the first to know about changes and adoptions by local jurisdictions
- **Educational Resources**  
Enhance your knowledge and skills with exclusive educational offerings

**INTERESTED? WANT MORE INFO?**

Arizona 811 provides FREE Damage Prevention and Safety Seminars!

All contractors, excavation personnel, safety managers, trainers, forepersons, and supervisors working in the private or public sector in Arizona are welcome and ENCOURAGED to attend.

Visit

[arizona811.com/education-and-training](http://arizona811.com/education-and-training) to register for an upcoming virtual seminar and to find more information about training opportunities and signing up for email alerts from Arizona 811.

# VIRTUAL

## Damage Prevention & Safety Seminar Schedule Posted!

To see the schedule, go to:

<http://www.arizona811.com/education-and-training/>

**Register TODAY and reserve your spot for one of the VIRTUAL sessions.**

VISIT THE EDUCATION SECTION ON  
[WWW.ARIZONA811.COM](http://WWW.ARIZONA811.COM) FOR MORE INFORMATION

These seminars will provide information to help you:

- **Prevent life-threatening injuries;**
- **Prevent your company or agency from incurring fines, costly facility repairs, or the need to compensate customers for losses;**
- **Prevent damages to underground utilities, which deliver vital services we all rely on every day!**

**The following topics will be covered:**

- How to navigate the Arizona 811 process to successfully get timely marks for underground utilities before you dig.
- ACC's enforcement policies for Arizona's Underground Facilities Protection law.
- How to recognize and work safely around overhead and underground utilities, including electric, natural gas, and liquid fuels.
