GOVERNOR KATIE HOBBS ANNOUNCES \$700K FOR LOCAL INFRASTRUCTURE PROJECTS

PHOENIX, AZ (March 5, 2025) — oday, Governor Katie Hobbs announced \$700,000 for local infrastructure projects in rural and Tribal communities. The funding, which is available to cities and towns through the Greater Arizona Development Authority (GADA), will help revitalize communities and advance critical infrastructure like libraries, roads, and water systems.

“This funding will bring the Arizona Promise to life for communities across the state,” said Governor Katie Hobbs. “Investing in local infrastructure projects means strong communities, a healthy economy, and opportunity for people throughout Arizona who have too often been ignored and left behind.”

The technical assistance program provides up to \$100,000 of funding for expenses such as engineering plans, feasibility studies, and architectural drawings, which support rural and Tribal community projects. Funds are provided as low-interest loans that can be repaid using GADA's financial assistance program.

THE REGISTRAR'S REPORT

Tom Cole
Director
Arizona Registrar of
Contractors
Tom.Cole@ROC.AZ.GOV
602-771-6777
602-526-7357 (c)

As we continue to monitor the 57th First Regular Session, I would like to provide updates:

Friday, March 28th, is the last day to hear bills in committee.

We are continuing to prepare for the Director Nominations Committee in the Senate, where nominees for the Director positions of state agencies and departments will be evaluated and potentially confirmed. There have been two DINO committee hearings with now three Directors recommended to the full Senate, Director Wisheart (DES), Director Thomson (AZ State Lottery) and Director Zwick (RUCO), all receiving 5-0-0 committee votes.

While we are still awaiting further details on when my hearing will be scheduled, we kindly ask for your support in this process. If you are able, please consider sending letters of support for my nomination as Director of the Arizona Registrar of Contractors. I am truly grateful to those who have already submitted their letters – your support means the world to me. If you would like more information on this process, please reach out to our Legislative Liaison, Araceli Lopez, at araceli.lopez@roc.az.gov.

Thank you again for your continued support, and we look forward to working together in the year ahead!

ROC 2024 Study on Commercial Contractor Deregulation

Laws 2024, Chapter 204, Sec. 6 requires the Arizona Registrar of Contractors to compile a report on commercial contractors to determine whether opportunities exist to statutorily remove ROC oversight of the commercial contracting profession. In accordance with this mandate, the Arizona Registrar of Contractors officially completed and submitted the Deregulation Study on commercial contractors to leadership in both the House and the Senate on December 31st, 2024. The feedback received was invaluable in helping shape a comprehensive and informed evaluation. A sincere thank you is extended to everyone who took the time to complete the surveys sent out a couple of months ago, as well as those who helped distribute them.

If you would like to access the report, please follow this [link](#) and navigate the page to find the PDF that has been posted on our website.

Katie Hobbs, Governor

Tom Cole, Director

ARIZONA REGISTRAR OF CONTRACTORS

1700 WEST WASHINGTON STREET SUITE 105
PHOENIX, AZ 85007-2812

December 31, 2024

The Honorable Warren Petersen, President, Arizona State Senate
The Honorable Ben Toma, Speaker, Arizona House of Representatives

1700 West Washington Street Suite
Phoenix, AZ 85007

Dear President Petersen and Speaker Toma:

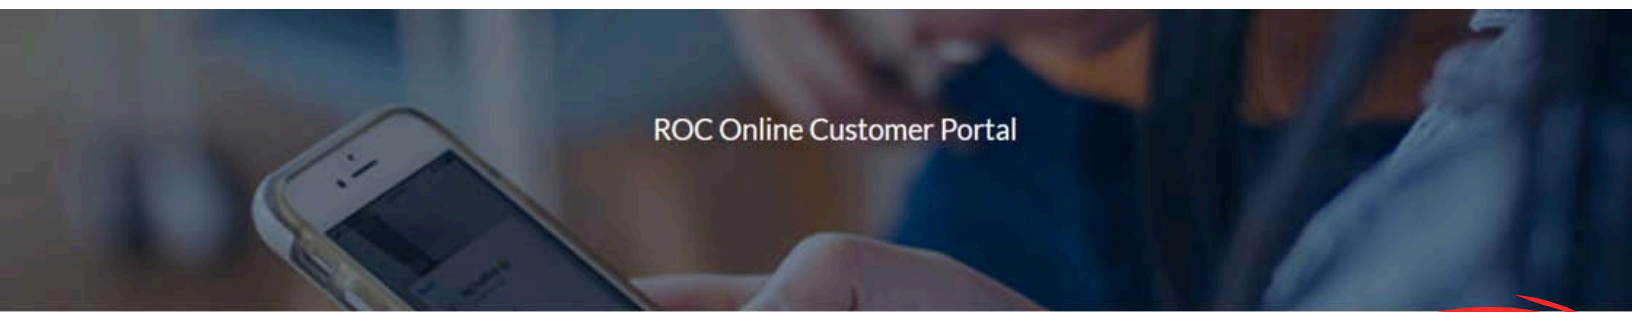

Pursuant to Laws 2024, Chapter 204, Sec. 6, we are pleased to submit the December 31, 2024 report for the potential opportunities of removing the Arizona Registrar of Contractors's oversight of the commercial contracting profession.

Sincerely,

Tom Cole
Director
Arizona Registrar of Contractors

Updates to the ROC Online Customer Portal

We have added a new feature to our ROC Online Customer Portal! Under the tab that says “**Downloads**” there will be two options that show you your “ID Card” and “Certificate” for all your licenses plus some informational cards for your use! You can now download and print these for use!

Downloads

Use the links provided on this page to download items available only to licensed contractors.

ROC-Star Spotlight

Featuring...

Wes Ellington

Wes Ellington

Assistant Chief of Investigations

Year Started: 2020

What is one thing we should know about you as a leader?

As an ROC leader, I strive to support my team the best I can. I would prefer to offer suggestions to their problems rather than ultimatums. I want them to know that I will back up their decisions whenever possible, and when mistakes are made we will correct them together. No one likes to be told what they have to do. I like to give advice that will hopefully lead them to the logical conclusion.

What does success look like for your department?

In the compliance/investigations department, things are not always black and white. There is a lot of grey area. The goal is to go into every investigation neutral and do the very best we can to weigh up the evidence provided and make decisions that are fair and accurate. If everyone faces each day and each obstacle with that mindset, we have achieved success. This is best for not only our employees, but for the citizens of Arizona as well.

What is a project you've worked on at AZ ROC of which you are particularly proud?

As a former investigator, it was frustrating to deal with some of the unnecessary and repetitive procedures in our complaint process. Over the last couple of years I have been rewriting and updating many of the letters in Salesforce as well as making some processes optional depending on the circumstances. Additionally, myself and the compliance management team have been working on updating the workmanship standards that have not changed since 2009. We are hoping to have this completed by the end of the year.

If you could have any superpower, what would it be?

It would be nice to see the future. To be able to stop terrible things before they happen would be pretty cool.

ROC EMPLOYEE OF THE MONTH

In October we officially kicked off the ROC Employee of the Month Program! This new program allows all ROC employees to nominate team members who demonstrate excellent customer service, teamwork, process improvement, high productivity, support to co-workers, and contribute to making the ROC a great place to work.

**WE ARE VERY EXCITED TO
FEATURE THE NEXT ROC
EMPLOYEE OF THE MONTH:
DOUG ULMER**

What do you love about working at AZ ROC?

What I love about working at the Arizona Registrar of Contractors is the opportunity to help contractors and homeowners resolve any conflicts they might be facing.

REQUEST BUMPER STICKERS HERE

If you would like to request an AZ
ROC bumper sticker, please
complete the form linked above.

Thanks!

Heat Illness Prevention Information

Compliments of OSHA Education Center at ASU **Heat Illness Prevention**

Every year, dozens of workers die and thousands more become ill while working in hot or humid conditions. OSHA's Heat Illness Prevention campaign educates employers and workers on heat hazards and provides resources to keep workers safe. There are a range of heat illnesses that can affect anyone, regardless of age or physical condition. Below, are a few of the many resources to keep workers and yourself safe:

- [Heat Resources for Workers](#)
- [Employer Responsibilities](#)
- Heat Safety Tool App for [iPhone](#) and [Android](#)
- [OSHA Heat Illness Prevention](#)
- [NIOSH/CDC Heat Stress](#)

Heat Illness Prevention Information

OSHA Can Help You Prevent Heat Illness at Work

We provide tips, guidance, and resources for employers to:

- Plan for heat hazards.
- Train workers on heat hazards.
- Recognize signs of heat illness.
- Find first aid procedures.
- Understand how to protect new workers.

The OSHA On-Site Consultation Program can help small- and medium-sized businesses to identify and mitigate workplace hazards, including heat.

OSHA[®]

WORKFORCE REENTRY PROGRAM

Be Part of Arizona's Reentry Initiative!

To create safer communities and lower recidivism rates, [Arizona's Workforce Reentry Program](#) provides inmates nearing the release from prison with employment and life skills to be successful upon reentry into our communities.

In 2017, ARIZONA@WORK Second Chance Centers opened in State prisons to help inmates prepare for success in the workforce. Since then, Reentry workforce services have expanded into parole offices, reentry centers, and community partner centers.

BENEFITS FOR YOUR BUSINESS

Employers report that in addition to [Work Opportunity Tax Credits](#), free [Federal Bonding](#) and other financial incentives derived from hiring ex-offenders, they benefit from staff who are highly motivated and loyal.

TRAINED AND EAGER WORKERS

[Reentry Workforce training](#) provides participants with 8 weeks of employment readiness activities including soft and hard skills development, resume and interview preparation, workforce retention training, onsite vocational training and much more.

SKILLED LABOR POOL THAT IS READY TO WORK!

The State is urging Arizona employers to consider these work-ready individuals to fill job vacancies. There is no cost, and gainful employment has been proven to save taxpayer money and help to break the cycle of incarceration by providing a path of self-sufficiency for those who truly deserve a second chance.

FROM AN EMPLOYER:

"The workers from the program have been very dedicated and they are very grateful to be given an opportunity. They work hard and are great about communicating if they need time off for court or to see their parole officer. Over 60% of our workers are from this Reentry program."

– Monica Marquez, American West Pallets.

CONTACT US

Employers who are interested in connecting with reentry clients should call our Employer Reentry Team at 480-851-2764.

AZ ROC Outreach Highlights - March 2025

On a mission...

From meeting with homeowner associations and neighborhood groups, construction trade associations, government agencies, workforce development groups, and education stakeholders, AZ ROC representatives routinely engage with various organizations and community members in order to provide outreach and education in support of the agency's mission. If you would like to request an AZ ROC speaker for your event, fill out the "Request an AZ ROC Speaker Form" on the [Outreach and Education page](#).

Buckeye Union High School hosted a Construction Career Fair where our Legislative Liaison Araceli Lopez, Investigator James Carter and Investigator Dale Tupper attended highlighting the importance of having a license in the construction industry!

Outreach Coordinator Maggie Roby and Compliance Investigator David Cooke traveled to Rio Rico High School located in Rio Rico, Arizona. This event was for high school students and their families to come out and explore various options for their students after high school. Students stopped by to get information about our upcoming apprenticeship fair. We also shared the information with teachers so they can bring the students on a field trip.

Outreach Coordinator Maggie Roby, Assistant Director Cindy Casaus and Investigator Ruben Perez Sr. attended the two day event that brought middle and high school students from Yuma and surrounding areas to explore various careers and trades. Many students are excited to look into a career in construction with hopes of owning their own business one day!!

Thank you for inviting us!

Arizona State University's OSHA Education Center is housed in the Del E. Webb School of Construction (DEWSC), one of the Programs in the School of Sustainable Engineering and the Built Environment (SSEBE), under the Ira A. Fulton Schools of Engineering.

We are an OSHA Training Institute (OTI) Education Center, part of a National network of nonprofit organizations operating under an agreement with the U.S. Department of Labor to deliver occupational safety and health training to private and public sector personnel, organizations and agencies.

We offer many courses, ranging in length from half day to four days, for construction industry, general industry, health care workers and disaster site workers.

Courses are offered for open enrollment at our facilities or they can be delivered on a contract basis for your organization.
