| **Purpose of Booklet** | The Registrar is a state agency. The Arizona Supreme Court has stated:  
“Because agencies are creatures of statute, the degree to which they can exercise any power depends upon the legislature's grant of authority to the agency.”  
Because the Registrar’s power and authority depend on statutes enacted by the Legislature, the Registrar has collected in this booklet the text of the statutes that are central to the substance of the Registrar's work. The margin notes accompanying the text are meant to make the statutes:  
- easy to read,  
- easy to navigate, and  
- easy to reference. |

**Performance and payment by contractor, subcontractor or material supplier; conditions; interest**

§ 32-1129.02(A) Notwithstanding the other provisions of this article, performance by a contractor, subcontractor or material supplier in accordance with the provisions of a construction contract entitles the contractor, subcontractor or material supplier to payment from the party with whom the contractor, subcontractor or material supplier contracts.

§ 32-1129.02(B) If a subcontractor or material supplier has performed in accordance with the provisions of a construction contract, the contractor shall pay to its subcontractors or material suppliers and each subcontractor shall pay to its subcontractors or material suppliers, within seven days of receipt by the contractor or subcontractor of each progress payment, retention release or final payment, the full amount received for such subcontractor’s work and materials supplied based on work completed or materials supplied under the subcontract.

Payment shall not be required pursuant to this subsection unless the subcontractor or material supplier provides to the contractor or subcontractor a billing or invoice for the work performed or material supplied in accordance with the terms of the construction contract between the parties.

Each subcontractor or material supplier shall provide a waiver of any mechanic’s or materialman’s lien conditioned on payment for the work completed or material supplied.

The contractor or subcontractor may require that such conditional waivers of lien be notarized.
Any diversion by the contractor or subcontractor of payments received for work performed pursuant to a contract, or failure to reasonably account for the application or use of such payments, constitutes grounds for disciplinary action by the registrar of contractors.

Violations of this section shall be grounds for suspension or revocation of a license or other disciplinary action by the registrar pursuant to section 32-1154, subsections B, C and D.

The subcontractor or material supplier may notify the registrar of contractors and the owner in writing of any payment less than the amount or percentage approved for the class or item of work as set forth in this section.

Nothing in this section prevents the contractor or subcontractor, at the time of application or certification to the owner or contractor, from withholding such application or certification to the owner or contractor for payment to the subcontractor or material supplier for any of the following reasons:

1. Unsatisfactory job progress.
2. Defective construction work or materials not remedied.
3. Disputed work or materials.
4. Failure to comply with material provisions of contract.
5. Third party claims filed or reasonable evidence that a claim will be filed.
6. Failure of the subcontractor to make timely payments for labor, equipment and materials.
7. Damage to owner.

§ 32-1129.02(C)
8. Reasonable evidence that the subcontract cannot be completed for the unpaid balance of the subcontract sum.

9. The owner has withheld retention from the contractor, in which case the amount of the retention withholding by the contractor shall not exceed the actual amount of the retention retained by the owner pertaining to the subcontractor’s work.

§ 32-1129.02(D) A contractor or subcontractor shall not withhold retention from a subcontractor in an amount greater than the actual amount of the retention retained by the owner pertaining to the work of the subcontractor.

§ 32-1129.02(E) If the contractor or subcontractor chooses to withhold the application or certification for all or a portion of a subcontractor’s or material supplier’s billing or estimates as permitted by subsection C of this section, the contractor or subcontractor must prepare and issue a written statement within fourteen days to the applicable subcontractors or material suppliers stating in reasonable detail the contractor’s or subcontractor’s reasons for withholding the application or certification from the owner or contractor.

§ 32-1129.02(F) If the owner issues a written statement pursuant to section 32-1129.01, subsection D, H or K stating that the owner declines to certify or approve all or a portion of the contractor’s billing or estimate and if the amounts to be paid from that billing or estimate by the contractor to any subcontractors or material suppliers are affected by the owner’s decision not to certify or approve, the contractor shall send a copy of that written statement within seven days after receipt to any affected subcontractors or material suppliers.

If the contractor sends a copy of the owner’s written statement to a subcontractor and if the amounts to be paid from that billing or estimate by a subcontractor to any of its subcontractors or material suppliers are affected by the owner’s decision not to certify or approve, then the
subcontractor shall send a copy of that written statement within seven days after receipt to any of its affected subcontractors or material suppliers.

If the owner issues a written statement pursuant to section 32-1129.01, subsection D, H or K stating that the owner declines to certify or approve a billing or estimate or a portion of a billing or estimate for defective construction work or materials not remedied and if the contractor as a result does not receive sufficient payment from the owner to pay subcontractors and material suppliers for work included in the contractor’s billing or estimate, the contractor shall nevertheless pay any subcontractor or material supplier whose work was not the basis of the owner’s withholding for defective construction work or materials not remedied within twenty-one days after payment would otherwise have been made by the owner under section 32-1129.01, subsection A.

This subsection does not limit a subcontractor’s rights to suspend performance under a construction contract or terminate a construction contract under section 32-1129.04, subsection D.

If a progress or final payment or release of retention to a subcontractor or material supplier is delayed by more than seven days after receipt of progress or final payment or release of retention by the contractor or subcontractor pursuant to this section, the contractor or subcontractor shall pay its subcontractor or material supplier interest, except for periods of time during which payment is withheld pursuant to subsection C of this section, beginning on the eighth day, at the rate of one and one-half per cent per month or a fraction of a month on the unpaid balance or at such higher rate as the parties agree.

Any licensed contractor, licensed subcontractor or material supplier who files a complaint with the registrar of contractors under this section shall be required to post a surety bond or cash deposit of five hundred dollars or one-
half of the amount due, whichever is less, with the registrar to secure the payment of claims under this section.

If the complaint is determined by the registrar to be without merit and frivolous, the registrar shall order the person who filed the complaint to pay one-half of the amount of the required surety bond or cash deposit to the respondent and one-half to the registrar for deposit into the state general fund.

If no claim may be made under this section against the surety bond or cash deposit, the surety bond or cash deposit shall be returned to the complainant.

The surety bond or cash deposit shall be conditioned on and provide for payment on the presentation of a certified copy of the order of the registrar and a certification by the complainant of nonpayment within thirty days after the order becomes final.

The surety bond shall be executed by the complainant as principal with a corporation duly authorized to transact surety business in this state.

Evidence of the surety bond shall be submitted to the registrar in a form acceptable to the registrar.

The cash deposit shall be deposited, pursuant to sections 35-146 and 35-147, by the registrar in the contractors prompt pay complaint fund and shall be held for the payment of claims.

In any action or arbitration brought to collect payments or interest pursuant to this section, the successful party shall be awarded costs and attorney fees in a reasonable amount.

The registrar at any time may intervene in and defend any such action.

§ 32-1136(B)  When any injured person recovers a valid judgment against any residential contractor for such act, representation, transaction or conduct that is in violation of this chapter or the rules adopted pursuant to this chapter, the injured person, on twenty days’ written notice to the registrar, may apply to the court for an order directing payment out of the fund, of the amount unpaid on the judgment, subject to the limitations stated in this article.

If the injured person failed to give notice to the registrar at the time of commencement of the action as required by subsection A of this section, the court may direct payment out of the fund on receipt of a consent to payment signed on behalf of the registrar.

If the injured person has given notice to the registrar as required by subsection A of this section, the court may direct payment out of the fund either on receipt of a consent to payment signed on behalf of the registrar or, in the absence of any written consent, after the notice period required by this subsection.

If the court receives written objections by the registrar, the court shall not direct payment from the fund without
affording the registrar a reasonable opportunity to present and support his objections.

The recovery limits established under this article apply to all judgments awarded after September 1, 2002.

If the injured person has recovered a portion of his loss from sources other than the fund, the registrar, if the award is made pursuant to section 32-1154, or the court shall deduct the amount recovered from other sources from the amount of actual damages suffered pursuant to section 32-1132,
subsection A and direct the difference, not to exceed thirty thousand dollars, to be paid from the fund.

§ 32-1136(F)

2. It is the responsibility of the recipient to respond to an appeal from the judgment.

3. On appeal from the judgment, postponement of acceptance by the injured person of the amount authorized for payment does not operate as a waiver of any rights of the injured person.

**A.R.S. § 32-1138**

**Subrogation**

The state has the right of subrogation to the extent of payments made from the residential contractors’ recovery fund including the right to collect from a bond, cash payment or alternative to cash payment made pursuant to section 32-1152 or 32-1152.01.

The registrar and the attorney general shall promptly enforce all subrogation claims.
A.R.S. § 32-1139

If any amount is paid from the fund in settlement of a claim arising from the act, representation, transaction or conduct of a residential contractor, the license of the contractor shall be automatically suspended by operation of law until the amount paid from the fund is repaid in full, plus interest at the rate of ten per cent a year. § 32-1139(B)

Any person who is or was, at the time of the act or omission, named on a license that has been suspended because of a payment from the recovery fund is not eligible to receive a new license or retain another existing license that also shall be suspended by operation of law, nor shall any suspended license be reactivated, until the amount paid from the fund is repaid as provided in this subsection. § 32-1139(C)

After receiving an award from the fund pursuant to this article a person is deemed to have assigned to the registrar the person’s rights for recovery against the responsible residential contractor licensed pursuant to this chapter to the extent of the person’s award from the fund. § 32-1139(C)
A.R.S. § 32-1140

Disciplinary action against contractor

This article does not limit the authority of the registrar to take disciplinary action against any licensed contractor for a violation of this chapter, or of the rules and regulations of the registrar, nor does the repayment in full of all obligations to the fund by any contractor nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter or the rules and regulations.

Any such payments shall be based on priority of written claims received by the corporate surety before court or registrar action.

If more than one cash deposit exists, the judgment against the contractor shall state which cash deposit shall be used to satisfy the judgment.

A certified copy of the judgment shall then be filed with the registrar, and such judgment shall specify that it may be satisfied from the contractor's cash deposit.

Priority for payment shall be based on the time of filing with the registrar.

In any action against a cash deposit, the claimant, at the time of filing suit, may notify the registrar in writing of the action against the cash deposit, but shall not name as a defendant in the action the registrar, the treasurer or the state.

When a corporate surety cancels a bond, the surety, not less than thirty days before the effective date of the cancellation, shall give the principal and the registrar a written notice of the cancellation.

Notice to the principal shall be by certified mail in a sealed envelope with postage fully prepaid.

§ 32-1152(F)
Proof of notice to the principal shall be made available to the registrar on request.

Notice to the contractor shall be by certified mail in a sealed envelope with postage fully prepaid thereon, addressed to the contractor's latest address of record in the registrar's office.

The contractor's license shall be suspended by operation of law on the date the bond is canceled or thirty days from the date of reduction or depletion of the cash deposit unless a replacement bond or cash deposit is on file with the registrar.

The registrar and the state treasurer shall have no personal liability for the performance of duties relating to the bonds, cash deposits, certificates of deposit, investment certificates or share accounts required or permitted by this chapter as long as such duties are performed in good faith.

In the following instances the registrar, after a hearing, may require, as a condition precedent to issuance, renewal, continuation or removal of suspension of a license, a surety bond or cash deposit in an amount and duration to be fixed by the registrar based on the seriousness of the violations, which shall be not more than ten times the amount required by subsection B of this section:

1. When a license of either the applicant or the qualifying party has been suspended or revoked or a surety bond or cash deposit requirement has been increased under section 32-1154 previously as the result of disciplinary action for a violation of this chapter.

§ 32-1154(D) The expiration, cancellation, suspension or revocation of a license by operation of law or by decision and order of the registrar or a court of law or the voluntary surrender of a license by a licensee shall not deprive the registrar of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against such licensee, or to render a decision suspending or revoking such a license, or denying the renewal or right of renewal of such license.
The registrar may impose a civil penalty of not to exceed five hundred dollars on a contractor for each violation of subsection A, paragraph 22 of this section.

No future license may be issued to an entity consisting of a person, as defined in section 32-1101, who is associated with the contractor, unless payment of any outstanding civil penalty is tendered.

Notwithstanding any other provisions in this chapter, if a contractor's license has been revoked or has been suspended as a result of an order to remedy a violation of this chapter, the registrar may order payment from the residential contractors' recovery fund to remedy the violation.

The registrar shall serve the contractor with a notice setting forth the amount claimed or to be awarded.
If the contractor contests the amount or propriety of the payment, the contractor shall respond within ten days of the date of service by requesting a hearing to determine the amount or propriety of the payment.

For purposes of this section “contractor” means a person or entity, including any subsidiaries, parents, partners or affiliates, that contracts with a claimant for the construction or sale of a new residence constructed by that person or entity, or for an alteration of or addition to an existing residence, repair of a new or existing residence, or construction, sale, alteration, addition or repair of an appurtenance to a new or existing residence.

After suspension of the license pursuant to the provisions of section 32-1154 the licensee may perform, without compensation, warranty work or other corrective work.
§ 32-1161(C) After revocation of a license upon any of the grounds set forth in section 32-1154, the license shall not be renewed or reissued for one year after final determination of revocation and then only on proper showing that all loss caused by the act or omission for which the license was revoked has been fully satisfied.

A.R.S. § 32-1163 Effect of chapter upon federal aid contracts

If any provision or condition contained in this chapter conflicts with any provision of federal law, or a rule or regulation made under federal law pertaining to federal aid contracts, such provision in conflict with the federal law, rule or regulation shall not apply on federal aid contracts to the extent such conflict exists, but all provisions of this chapter with which there is no such conflict, shall apply to federal aid contracts.

A.R.S. § 32-1164 Violation; classification; probation; conditions

**Advertising; effect of; classification**

Except as authorized by section 32-1121, subsection A, paragraph 14, subdivision (c), it is a class 1 misdemeanor for any person to advertise that he is able to perform any service or contract for compensation subject to regulation by the registrar under the terms of this chapter unless a license under the terms of this chapter is first obtained regardless of whether his operations as a contractor are otherwise exempt.

**A.R.S. § 32-1166**

**Injunctive relief; civil penalty**

In addition to all other remedies, when it appears to the registrar, either upon complaint or otherwise, that any person, firm, partnership, corporation, association or other organization, or a combination of any of them, has engaged in or is engaging in any act of contracting, practice or transaction which constitutes a violation of this chapter, or any rule or order of the registrar, the registrar may serve upon such person, firm, partnership, corporation, association or other organization not currently licensed under this chapter, by certified mail or by personal service, a cease and desist order requiring the person, firm, partnership, corporation, association or other organization
to cease and desist immediately, upon receipt of the notice, from engaging in such act, practice or transaction.

In conjunction with the cease and desist order, the registrar may issue a citation for a violation.

Each citation shall be in writing and shall clearly describe the violation for which the citation was issued.

Each citation shall contain an order to cease and desist and an assessment of a civil penalty in an amount of at least two hundred dollars for each violation but not more than two thousand five hundred dollars for the multiple violations committed on the same day.

If after the issuance of a citation by the registrar, the person or organization receiving the citation fails to cease and desist in the violation or violations described in the citation, the registrar may assess an additional civil penalty of up to two thousand five hundred dollars for each day the violation or violations continue.

The registrar shall adopt rules covering the assessment of a civil penalty that give due consideration to the gravity of the violation and any history of previous violations.

The penalties authorized under this section are separate from, and in addition to, all other remedies either civil or criminal.

§ 32-1166(B) Each violation of this chapter or a rule or order of the registrar by a person who is required to be licensed by this chapter and who does not possess the required license shall constitute a separate offense, and the registrar may impose a civil penalty of not to exceed two thousand five hundred dollars for each violation except that for multiple violations committed on the same day the civil penalty shall not exceed two thousand five hundred dollars for all such violations.

Monies collected from civil penalties shall be deposited in the state general fund.
The registrar of contractors may issue citations containing orders to cease and desist and of civil penalties against persons who have never been licensed under this chapter who are acting in the capacity of or engaging in the business of a contractor in this state.

**A.R.S. § 32-1166.01**

**Service of citation**

A citation issued under section 32-1166 may be served personally or by certified mail at the last known business address or residence address of the person cited.

**A.R.S. § 32-1166.02**

**Time for issuance of citation**

A citation under section 32-1166 shall be issued by the registrar within ninety days after actual discovery of the offense by this state or the political subdivision having jurisdiction.

**A.R.S. § 32-1166.06**

**Filing registrar’s orders**

After the exhaustion of administrative review procedures pursuant to title 41, chapter 6, article 10, and if judicial review has not been sought under title 12, chapter 7, article 6, a certified copy of any registrar’s order requiring the payment of civil penalties may be filed in the office of the clerk of the superior court in any county of this state.

The clerk shall handle the registrar’s order in the same manner as a superior court judgment.

A registrar’s order that is filed in the office of the clerk of the superior court has the same effect as a superior court judgment and may be recorded, enforced or satisfied in a similar manner.

A person who files a registrar’s order under this section is not required to pay a filing fee.
A.R.S. § 32-1166.07
Waiver of civil penalty

Notwithstanding any other law, the registrar may waive all, except two hundred dollars, of the civil penalty if the person against whom the civil penalty is assessed completes all of the requirements for, and is issued, a contractor’s license.

Any loss or damage to the public caused by the violator’s activities shall be remedied before issuance of the license.

A.R.S. § 32-1167
Qualifying party’s disassociation with licensee; licensee’s requalification; penalty

§ 32-1167(A) If a person who qualified for a license ceases for any reason whatsoever to be connected with the licensee, both the licensee and the qualifying party shall notify the registrar in writing within fifteen days after such disassociation.

§ 32-1167(B) A licensee shall have sixty days from the date of any such disassociation to qualify through another person.

If the licensee fails to qualify through another person within sixty days, the license is automatically suspended by operation of law at the end of the period until the licensee does qualify through another person.

A.R.S. § 32-1168
Proof of valid license

At the request of the registrar, and after the issuance of a citation pursuant to section 32-1104, subsection A, paragraph 4, or a cease and desist order pursuant to section 32-1166, subsection A, the county, city or authority of the state may cause work on a construction project to cease or be suspended on that project until there is compliance with the licensing requirements of section 32-1151 by those contractors employed on that project.
Any county, city, state, or political subdivision that requires the issuance of a building permit must require in its permit application: (1) a signed statement that the applicant is licensed under Ch. 10 and (2) the applicant’s license number.

If the permit applicant claims exemption from Ch. 10, the applicant’s statement must contain: (1) the basis of the exemption and (2) the name and license number of any general, mechanical, electrical, or plumbing contractor employed.

The authority issuing the permit may require the applicant to obtain the Registrar’s verification of the exemption.

Filing a permit application falsified with respect to a contractor’s license, with the intent to evade Ch. 10, is unsworn falsification under § 13-2704.

Each county, city or other political subdivision or authority of this state or any agency, department, board or commission of this state which requires the issuance of a building permit as a condition precedent to the construction, alteration, improvement, demolition or repair of a building, structure or other improvement to real property for which a license is required under this chapter, as part of the application procedures which it utilizes, shall require that each applicant for a building permit file a signed statement that the applicant is currently licensed under this chapter with the applicant’s license number.

If the applicant purports to be exempt from the licensing requirements of this chapter, the statement shall contain the basis of the asserted exemption and the name and license number of any general, mechanical, electrical or plumbing contractor who will be employed on the work.

The local issuing authority may require from the applicant a statement signed by the registrar to verify any purported exemption.

The filing of an application containing false or incorrect information concerning an applicant’s contractor’s license with the intent to avoid the licensing requirements of this chapter is unsworn falsification pursuant to section 13-2704.
