

As many of you already know, Dennis Casteel owner of Casteel Electric passed away on September 1, 2014. He was president of the Independent Electrical Contractors of Arizona and he has been deeply missed. During this holiday season as we think of our family and friends, let us be mindful of how well liked and respected Dennis was by those of us in the construction industry. Our heartfelt thoughts are with his widow, Kathi, and her family during this holiday season.

Respectfully,

William A. Mundell, Director
Arizona Registrar of Contractors
