AZ ROC: Licenses Revoked for Phoenix-based Camelback Pools (Paddock) & RIG Construction (Cameo)

PHOENIX, Ariz., (July 20, 2015) – On Thurs., July 16, 2015, Arizona Registrar of Contractors (AZ ROC) revoked the three licenses held between Camelback Pools doing business as Paddock Pools and RIG Constructions doing business as Cameo Pools, both based out of the Phoenix-area.

The revocations follow two orders of summary suspension on licenses assigned to Camelback Pools and RIG Construction and two citations alleging a combined 24 counts of violations of Title 32, Chapter 10 of the Arizona Revised Statutes filed on May 29, 2015.

The Orders revoking the licenses conclude AZ ROC's investigation and legal process for twelve complainants, while an additional sixty (Camelback – 41/RIG Construction - 19) complaints continue working through the AZ ROC administrative process.

Individuals who submitted complaints with AZ ROC, which have been adjudicated, are now able to file a claim with the AZ ROC Residential Contractor's Recovery Fund. The Fund is available to complainants after a contractor has been found to be in violation of Title 32, Chapter 10 with a maximum payout of up to \$30,000 per claim and up to \$200,000 per residential license.

AZ ROC Director Jeff Fleetham stated, "With holes dug and construction materials exposed, it was apparent that Camelback and RIG Construction's work presented a clear public safety concern while abandoning these pool installations. Though the licenses are revoked, AZ ROC will continue to work as quickly as possible to ensure those who filed complaints will have their cases investigated."
